

OMEGA BUTTER

Ancestral knowledge and Mediterranean Tradition

INCI NAME:

Plukenetia Volubilis Seed Oil, C10-18 Triglycerides

DOSE OF USE:

1%-100%

SOLUBILITY:

LIPOSOLUBLE

PRESERVATIVE:

PRESERVATIVE FREE. NATURAL PRODUCT

COSMETIC USE:

- › Emollient, protective, smoothing and nourishing products
- › Products for very sensitive skin. Baby care products
- › Products for dry and rough skins
- › Anti free radicals
- › Repairing treatments
- › Nutrition
- › Anti free-radical, DNA protection treatments

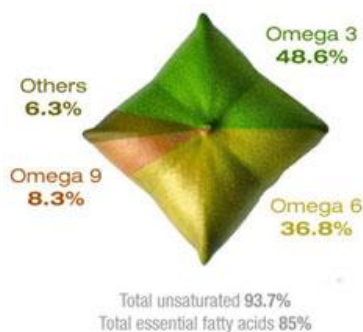

DESCRIPTION:

OMEGA BUTTER is a nutrient-loaded butter blend.

It's 70 % comprised from the plukenetia seed oil, (**Sacha Inchi**), and fortified with the stearic fractions of 30 % **olive oil** from the Italian Tuscany.

Sacha Inchi is a plant native to the high altitude rain forest of the Andean region of South America.

Its seed oil, contains one of the highest amounts of polyunsaturated fatty acids (PUFA) 48.6 % content of Omega 3, 36.8 % Omega 6, and 8.9 % Omega 9, and it also contains a high tocopherols concentration, rarely seen on other seeds.

It is also rich in vegetal saturated C16-C19 triglycerides and unsaponifiables from olive oil.

OMEGA BUTTER is a new multi-purpose and **synergistic care and functional ingredient** and is obtained through a mechanical soft manufacturing **patented process** that allows preserving the integral properties of the natural lipidic components, avoiding any degradation.

PROPERTIES:

- ✓ Raw material approved by **ECOCERT GREENLIFE**, conform to the ECOCERT Natural and Organic Cosmetics Standard.
- ✓ 100% natural: Fully vegetal butter **Non-Hydrogenated**
No chemical substances are added or used during the complete production process.
